No.GM/2024/01

May 27, 2024

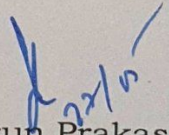

**Sub: Procedure for GM sanction & signature on CRS documents/
JSCs.**

A significant number of files pertaining to S&T, ENGG and MECH dept. requiring GM sanction (which have been excluded from the ambit of CRS sanction as per latest policy circulars) are being sent. These documents are required to be examined before sanction can be accorded.

It is, therefore, decided that all such cases of sanction after approval of PHOD will be sent to respective Dy.CSO/Safety. Dy.CSO/Safety will scrutinize these cases as is being done by Dy.CRS in CRS office and ensure that:

- a. Case file is complete in all respect. All provisions as listed in Rules for Opening of Railways, G&SR, Manuals of different departments and instructions of Railway Boards issued from time to time have been followed while submitting application.
- b. Dispensation, if any has been processed properly with approval of competent authority and it is mentioned in SWR.

A self-contained note will thereafter be prepared and sent to undersigned through PCSO for according sanction.
