ECR, Hajipur

## SUB:- Rectification of HASSDAC failure

In case of failure of both parts of HASSDAC, either simultaneously or one unit was previously fail and second one failed. If upon resetting if any one side say entry unit is not accepting reset and not going to self-check mode, proceed as follows:

1. Remove card 3 (modem of 1st part) and apply reset. If 2nd part accept reset, replace card 3. If 2nd part do not accept reset, insert card 3 back in unit.
2. Remove card 9 (modem of 2nd unit) and apply reset. If 1st part accept reset, replace card 9. If 1st part do not accept reset, insert card 9 back in unit.
