Sub: Provision of Quad & OFC cable between NPV-FBG, NMA-SRGR & VPH-KHTN, Quad cable in GGH-NMA, OFC cable in JJP-MHRL, MHRL-CDNA, CDNA-VPH section of SPJ division & in LLJP-VSHI-PARU section of SEE division.

**Ref: (i) Sr. DSTE/GS & CORD/SPJ letter no. N/224/Con. Dt. 27.05.2024 Reminder-5.
(ii) Sr. DSTE/GS & CORD/SPJ letter no. N/224/Con. Dt. 14.11.2024.
(iii) Sr. DSTE/SEE letter no. S&T/SEE/Construction Dt. 19.11.2024.**

Vide above references, Sr. DSTEs/SPJ & SEE have brought out discrepancies in connection with commissioning of sections by Construction unit in their division in your notice time to time for rectification are yet to be complied.

SPJ div. - Quad and & OFC cable laid by construction since commissioning years ago with train operation between NPV-FBG & NMA-SRGR, VPH-KHTN sections. The block working is given on radio Communication and LC gate communication on FCT phone with no provision of EC socket in the section. In GGH-NMA section no Quad is laid for block working only OFC cable is available. In JJP-MHRL, MHRL-CDNA, CDNA-VPH section for block working no OFC is laid, only Quad is available. LC gate communication is on FCT phone between KHTN-LKQ.

In absence of OFC & Quad in sections, causes failures prolonged in these sections during monsoon as these are flood prone area and difficult in working in submerged flooded section.

SEE div.- LLJP-VSHI-PARU section no OFC is laid since commissioning of the section for block working. Due to this media diversity for UFSBI, Axle counter and Datalogger networking not being achieved.

In view of above it is requested for compliance of the above left over work on priority basis for safe & punctual train operation. The updated position of work and targets may be communicated.

16/12/2024.
