1.0 Preamble to Model SOP 2018

Model Schedule of Power (SOP) was issued first time from the Railway Board on [October 26, 2017](#).

SAG Officer(Civil/ Mech Deptt) dealing with the subject Full powers Other SAGs Up to Rs. 5 lakhs per item subject to maximum ceiling limit of Rs. 30 lakhs per annum.	<u>DRM</u> Full powers			<u>SG/JAG</u> Up to Rs. 2 lakhs per case with annual ceiling of Rs. 30 lakhs	

Note on Items 31 E, F, G:

The AMC of critical equipment on single tender basis may be awarded to OEMs or authorized dealers. The decision to award work to OEMs or authorized dealers on single tender shall be decided by the sanctioning authority while obtaining finance concurrence.

This would need the prior concurrence of finance.

Since AMCs are in the nature of Service Contracts and OEMs/Authorized Dealers are often reluctant to submit Earnest Money or Security deposits, this need not be insisted upon in each case. Care may, however, be taken to enter into such contracts only with reputed dealers so as to ensure satisfactory performance and minimum downtime of the equipment.

The above powers may be exercised subject to availability of funds.

In workshops where workshops in charge are in JAG, the powers will be exercised by CWE.

Normally the work of repair of window AC, split AC, water coolers is undertaken departmentally. However, to enter into AMC for such repairs from outside agency, a certificate to this effect that the work cannot be undertaken departmentally, may to be given by controlling officer. Such repairs may normally be done through open tender from reputed firms.

As per the laid down procedure of works matters tenders. In case of Single tender, the Tender committee and the accepting authority should be one step higher than in case of open tender excepting where GM is the accepting authority.

The AMC can be of the following types: -

“Full services maintenance agreements” which as the name implies is all inclusive of labour, consumables and spares.

“Annual Maintenance Agreements” where labour and consumables are included.

A schedule of rates for spares and non-recurring spare can be drawn up before entering into the AMC to facilitate fixing of rates during AMC.

It is also to be understood that the cost of yearly AMC is to be defined clearly. The materials from spares list actually used together with AMC value should not exceed the sanction limit.

In all cases not covered above, AGM shall be the competent authority to approve such cases with full powers.

Constitution of TC and Accepting Authority shall be as per the delegations of Works matters (Annexure-A) read with note 7 above.
