

I/11089/2020

EAST CENTRAL RAILWAY
(S&T Department)

No. ECR/S&T/Sig/Policy/200/Pt.-IV

Office of the
GM (S&T) HJP
Dt:-06.10.2020

Sr.DSTE/DNR, MGS, DHN, SEE & SPJ,
East Central Railway.

Sub: Provision of Safety Point alarm/Point reversal alert system based on Datalogger.

Ref:- (1) Para 14.0 of Minutes of GM's VC issued on dated 29.09.2020

Vide ref (1), issued on dated 29.09.2020, it was asked to provide the Point Safety Alarm Buzzer. In view of this, following has been decided:-

1. This work should be executed on trail basis at few station of each division.
2. This work **must be done only under PH-16/PH-29(Safety)**.
3. Prior Joint note with operating shall be made fixing full responsibility for reversal on ASM as per para 3.38(2) of GR. Purpose of Buzzer is only to remind of his failure. Even though buzzer is working or defective, responsibility of reversal of point with solely lies on ASM as per GR.
