Sub: Policy for Procurement of material in S&T Works Contracts.

Ref: (i) Rly.Bd.'s letter no.2005/SIG/CA-III/26 dt.18.08.2005. - Page No (50 to 49)
(ii) Rly.Bd.'s letter no.2001/SIG/SGF/12(LED) dt.18.06.2007. - Page No (51)
(iii) Director Electrical Engg.(PS)/Rly.Bd.'s letter no. 2008/Elect(G)/180/Misc.
dt. 19.05.2010 - Page No (55)

The following guidelines are to be followed for procurement of materials through works contract. It supersedes all previous guidelines in this regard:

- (1) Supply of items shall be included in works contract only when it is essential for execution of the work on hand. However, reasonableness of rates in case of procurement of materials through works contract shall be adjudged through comparison with last procurement rates of the same item through stores contract rather than routine comparison with LAR only. This is to avoid unreasonably high rates
- (2) Procurement of following items will be done through stores only and not through works contract :
 - (a) Cables.
 - (b) IPS.
 - (c) Batteries.
 - (d) LED signals.
 - (e) Point machines.
 - (f) Dataloggers.
 - (g) Mile counters.
 - (h) UFSBI
 - (i) Block Panel.
 - (j) QN1/QNA1 relays.
