Office of the
General Manager/S&T
Hajipur

No. ECR/S&T/S/Stores Policy/101

Dated 14/09/2009.

Sr.DSTEs
East Central Railway
DNR/DHN/MGS/SEE & SPJ
Dy.CSTE/W - DHN & MGS

Sub:- Signalling material procurement policy.

Procurement of signaling material through works contract and Stores has been reviewed and General Manager, East Central Railway/Hajipur has approved the following-

- I. The rates of all types of relays, Axle counters, Data logger, BPAC Panel & UFSBI in SOR be revised based on Stores rates.
- II. QNT/QNAI relays for all works shall be procured through Stores only. However, other relays may be included in works contract.
- III. Procurement of Data logger, Axle counters, BPAC Panel & UFSBI will be done through Stores. However, in case of urgency leading to bottleneck in the progress of work dispensation for inclusion of these items in works contract will be granted by CSTE on case to case basis with full justification.
- IV. Existing contracts in operation will not come under purview of this guideline. For works tender already under process of finalization, the reasonableness of rate for relays (QNT, QNAI), Axle counters, Data logger, BPAC Panel & UFSBI shall be deliberated with reference to recent Stores rate if available. Tenders including these items which are yet to be opened shall be cancelled and retendered after deletion of these items.
- V. Procurement of cables, IPS & LED signals will be as per Railway Board extent policy.

Above will be applicable only to HQ. divisions and units of CSTE/Works and CSTE/Project. Policy for construction will be circulated separately.

This will have immediate effect.

14/9/2009
(Rajesh Kumar)
Chief Signal Engineer
