Sub : Facilities available on panel for efficient operation of signaling system.

Although detail instructions are provided in SWR about the operation of Panels and various facilities available for operation of signals but in reality it is noticed that there is lot of gap between the facilities provide and operation done during emergencies/signaling failures. This results detention to trains and thereby affecting punctuality

With a view to eliminate the above gap it is requested to launch a drive by both Operating staff and Signaling Staff to have a clear understanding of the operational facilities to be used on emergencies/ signaling failures.

A copy of the facilities provided in panels is enclosed herewith for ready reference.

DA : As above.

(A.N. Jha) 1/5/15
C.S.T.E.

Copy for information and necessary action to :

1. Secy to GM – for kind perusal of GM.
2. COM/HJP.
3. Sr.DSTEs/ECR – DHN, DNR, MGS, SEE & SPJ.
