MESSAGE

Disaster as a catastrophe, mishap, calamity or grave occurrence affecting any area, arising from natural or man-made causes, or by accident or negligence result in substantial loss of life or human suffering or damage to, and destruction of property, or damage to, or degradation of environment and is of such a nature or magnitude as to be beyond the coping capacity of the community of the affected area.

A Disaster in the Railway can be a serious train accident or an untoward event of grave nature, either on the Railway premises or arising out of Railway activity in that area, due to natural or man-made causes. Since prompt response and quick relief, rescue and restoration measures are the ingredients of an effective Disaster Management, it is necessary that this is addressed in a systematic manner.

I am happy that the Safety Department has prepared updated Zonal Disaster Management Plan 2021(Part-I & II) for East Central Railway as per Railway Board's guidelines which incorporate the NDMA guidelines and Hon'ble Prime Minister's agenda on Disaster.

I congratulate Safety department of this Railway for bringing out the revised and updated ECR ZDMP-2021. I hope it will be an effective resource document for all of us as the new Disaster Management Plan is more elaborate and detailed.

FOREWORD

Railway is an important and vital mode of transportation in India handling both passenger and freight traffic. Indian railways are the lifeline of the nation. One of the prime indices for judging the efficiency of Railways is safety performance. Although, Railways are modernizing and up-gradating technology regularly to prevent accidents, but when any disaster takes place involving causalities, immediate action is required for utilizing 'Golden Hours' judiciously to reduce the agony of critical trauma patients and to save valuable lives. Prompt response, quick relief, rescue & restoration measures are the key ingredients of effective disaster management.

The revised DMP-2021 booklet in two Parts I & II contains recent instructions of Railway Board to prepare Disaster Management Plans following NDMA's NDMP-2019 and to include 10-Point Agenda of Hon'ble Prime Minister. This contains precautions to be taken in current pandemic COVID-19, Management of fire / flood / earthquake / chemical / biological disaster, duties of various officers and supervisors in handling disaster situations and also contains the DATA BANK of list of Railway officers and supervisors with their jurisdictions & telephone nos., list of current telephone numbers of State Administration, Local Panchayat, Hospitals- Government & Private, NGOs, Fire Brigade, Rescue Divers, Contractors having machineries, Transporter, Tent & Flood lights, Airport & Helipads, Military & Para military Organisations, Electronic & Press media for immediate use and ready reference in case of emergency.

I hope that the various instructions contained in this New Zonal Disaster Management Plan - 2021 will prove useful to officers and staff of East Central Railway and others associated for attending all types of disaster efficiently and effectively in all respect.

I sincerely express my gratitude to our General Manager for his constant guidance and encouragement and making safety department on ECR an important vibrant wing under his leadership.

I sincerely thank all officers and staff of safety team and acknowledge kind support of all departments in preparation of this beautiful document.

Policy Letters

GOVERNMENT OF INDIA MINSTRY OF RAILWAYS (RAILWAYBOARD)

No. 2002/Sec. (Cr.)/45/47 New Delhi, Dated 11.12.2002

To
The Home Secretary, Govt. of India,
Ministry of Home Affairs, North Block,
New Delhi.

Sub: Expeditious clearance by the state police in a case of Railway accident.

Sir,

Your kind attention is invited to the subject mentioned above. In a case of rail accident involving loss of human lives or injuries to the passengers, railway administration does everything possible to render necessary assistance and succor to them. Efforts are made to rush rescue and medical apparatus to the site of accident without losing any time as the first few hours are very crucial.

But is has been noticed that rescue operations are hampered due to delayed, and at times, reluctant clearance by the State Police. This was evident in the recent Rajdhani Express in Bihar when it took them unduly long time to complete the formalities.

It may be pertinent to mention that there are two different tasks to be tackled on war footing, namely (a) Rescue and (b) Restoration

(a) As regards rescue operations, they cannot obviously wait till legal formalities are completed as they involved saving human lives. But it appears that there is some confusion regarding the urgency of undertaking rescue operations. I would request you to reiterate instructions to the state Govt. on this point so that there is no delay in starting rescue operation. Needless to handling the situation. Besides providing medical aid, other facilities, which may be necessitated by circumstances at the site of the accident, may also be extended by them expeditiously.

(b) As regards restoration of railway traffic, rule-provide that this can be taken up only after the clearance by the local police or GRP. In this regard it would be relevant to point out that a large number of passengers are unduly inconvenienced by disruption of rail traffic. It would, therefore, be in the best interest of the passengers to restore the rail traffic as fact as possible. But, it clearance, consequently delaying the restoration operations.

I would, therefore, request you to issue necessary instructions to the State Govts. to expedites clearance certificate in the event of a rail accident, so that normal traffic can be restored without avoidable delay.

GOVERNMENT OF INDIA
MINSTRY OF RAILWAYS
(RAILWAY BOARD)

No. 2002/Sec. (Cr.)/45/47 New Delhi, Dated March, 27, 2003

The General Managers

Sub: Clearance by State Police incase of railway accidents due to suspected sabotage.

Ref: Ministry of Home Affairs letter no. VI-24022/II2002-PM-1dt. 24.12.2002.

1. Addressed to Home Secretaries of all States (Copy enclosed) The issue of expeditious clearance by the State Policy in case of Railway accidents, where sabotage is suspected, has been engaging Ministry of Railways (Railway Board)'s attention for a long time. It is noticed that sometimes rescue operations are hampered due to delayed and reluctant clearance by State Police.

2. It is pertinent to mention that there are two different tasks to be accomplished on war footing after a railway accident involving human lives is concerned i.e. a) Quick Rescue Operation; and b) Restoration of Rail Traffic. It is clarified that incase of railway accidents, permission of the State Government or clearance of the police is not required for launching rescue operations for the purpose of saving human lives which inter alia may also involve handling/shifting the rolling stock (locomotives, wagons and coaches) for extricating the trapped passengers. However, police clearance is required for restoration works at the site of accident, if sabotage is suspected.

3. To avoid any delay in launching the rescue operations for saving as many human lives as possible and for early restoration of rail traffic, the above issue has been taken up with the Ministry of Home Affairs. Consequently, Ministry of Home Affairs vide their letter ibid have directed the Home Secretaries of all States to issue suitable instructions to the concerned authorities for taking prompt action and to expedite clearance certificate in the event of a rail accident, when sabotage is suspected.

4. The contents of this letter may be widely published among the railway officer/staff and displayed in all ARTs/ARMEs so that a general awareness created amongst all those engaged in rescue activities.

5. This letter supersedes the Railway Board's letter of even number dt. 07.02.2003.
