Sub: Policy for uploading EI data on Railtel Server
Ref: Railway Board's Letter no. 2008/Sig/SGF/4/EI/Gen/Pt.1 dated 16.08.2016

In compliance with the above mentioned letter, following station specific data is required to be uploaded in the Railtel server for all EI stations.

(i) Interface circuit diagram (Auto-CAD)
(ii) Relay equivalent diagram for the Boolean equations of application data (Auto-CAD)
(iii) Actual application data with its checksum of every station
(iv) Actual Boolean equations (Notepad/Word file etc.)
(v) VDU application data for the station
(vi) VDU software for the station
(vii) Scanned PDF files of Safety Certificate and Checksum/CRC certificate of the station at the time of commissioning
(viii) Scanned PDF files of approved SIP and Selection Table/Table of Control of the station.

Henceforth, these shall be submitted at PCSTE/ECR office in seven (07) working days of commissioning of EIs (New EIs/alterations in existing EIs). All the above mentioned documents should be submitted by concerned executing units in a CD/DVD-ROM (not rewritable) to ASTE/Plg/HJP within the time as stipulated above. In case executing units are other than railway units such as RVNL, IRCON etc then these documents shall be submitted by concerned division's Sr. DSTE.

Further, as a onetime measure complete complement of data of existing EIs over ECR needs to be arranged and submitted to PCSTE/ECR office by concerned executing units/Sr.DSTEs. Details of EI data required to be submitted by concerned executing units (shortfall) is as per Annexure-1 and by concerned Sr.DSTEs is as per Annexure-2 latest by 15.09.2019.

This has the approval of PCSTE/ECR.
