

Inspection note of Shri Gaurav kumar singh, Sr. DMM/SPJ/ECR on visit to Diesel shed / Samastipur on 31.10.2025.

Officials present:-

1. Shri Deepak kumar, DEE/TRS/SPJ
2. Shri Praneet Sarvesh, ADME/TRS/SPJ
3. Shri Jeevendra Kumar srivastwa, CDMS/G/TRS/SPJ
4. Shri Sujeet kumar, CDMS/Sale/SPJ
5. Shri kumar saurav, SSE/TRS/SPJ
6. Shri Aditya Kumar, SSE/TRS/SPJ
7. Shri Mantosh kumar, SSE/TRS/SPJ

(1) Traction Motor:

15 Nos traction motor are found in Loco Shed premises. Earlier all the 15 motors included in scrap category on UDM but later, the same was transferred to repairable category. ADME told that traction motor never been scraped earlier, it will be sent for repair/rehabilitation as schedule of allotment fixed by HQ.

(2) Carbon brush for traction motor:

Earlier all 3564 pairs carbon brush included in scrap category on UDM but later, 1080 Pairs was transferred to ordinary new stores & rest 2484 pairs presently not shown in any category. Concerned SSE told that such pairs will be sent to Scrap depot through DS-8 within 10 days. Carbon brush ledger to be re-examined by the custodian & stock the same in appropriate category of ledger.

(3) Turning & boring:

Custodian stated that Approx 20 MT turning & boring available in Loco shed premises. The quality of the same has been checked and found that the quality of the same is not good and the probable reason is the offered lot get accumulated after long time & hence quality of lot degraded due to rusting etc. Offer of turning and boring for 15 MT received from Dsl shed on 04.10.2024 and the same was included in auction catalogue. In spite several auction, bids/appropriate bids not received. There has been no other offer of turning & boring has been sent in last one year or so, which means the arising of chips is very slow, whereas at that time 15 MT was offered in 01 lot. It was seen that new arising Qty also being get accumulated with the already offered Qty (15 MT) which is not feasible as per sale condition and might lead to further litigation. It has been instructed that the above offered lot be withdrawn/deleted from auction Catalogue & after review same may be offered/included in auction.

(4) Others Scrap:

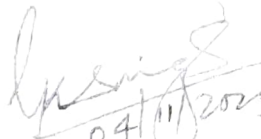

During inspection various types of scrap also found in Loco Shed premises. ADME & Concern SSE told that such scrap will be offered/ sent to Scrap depot through DS-8 as soon as possible.

(5) Critical items for DSI shed SPJ:

ADME highlighted few critical items like Survo motor for wiper, Surge arrestor for 3-phase locomotives, Single bottle vaccum Circuit breaker. ADMM/TRS/SPJ instructed to arrange such items as soon as possible.

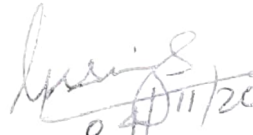

(6) RR 606:

Issue of account of RR 606 was also discussed and advised to take immediate & appropriate action with suitable remarks on e-file (C.No.-344617) which is pending from 25.09.2025. The CDMS concern is going to retire in the month of December/2025 therefore and urgent action is highly solicited. Reminder e-file (C.No.-347652) is also pending since 21.10.2025.
