

Index of PCE Circular

S.No	C.E's Track Circular No.	Subject	Date of Issue
1	1	Schedule Inspection	04.08.2004
2	2	Greasing of rails on curves, work site, bad formation and bad banks.	09.09.2004
3	4	Technical Audit Cell.	13.09.2005
4	5	Rail-weld failure.	14.07.2006
5	6	Provision of rest room facilities for track machines staff and stabling facilities for machines.	20.10.2006
6	7	Guidelines for using handling & transportation and storage of Hand Held off track tampers.	22.04.2008
7	8	Glued joints-Maintenance of Records.	06.03.2009
8	9	Records of OMS run & its analysis: A tool for track maintenance.	09.03.2009
9	10	Procedure for dealing with partially unloaded ballast in BOBYN wagons due to defective doors.	20.03.2009
10	11	Yardstick of Engg. Materials in Accident Relief Train (ART).	24.03.2009
11	12	Gang chart for recording P.way maintenance works done by P.way gangs.	10.06.2009
12	13	Prevention of corrosion of rails and welds.	19.11.2009
13	14	Infrastructure to be provided at level crossing as per IRPWM, Indian Railway Act-1989 and Motor Vehicle Act-1988.	27.10.2009
14	15	Implementation of Zero defect concepts in AT welding & USFD testing	24.02.2010
15	16	Joint Procedure Order (Engg) for Measures to be taken to ensure safety at work site while working near Railway tracks.	29.03.2010
16	17	Visibility Requirement along the Track for Road Users at Unmanned Level Crossings.	13.05.2010
17	18	Prevention and removal of unauthorized track crossings.	17.05.2010
18	19	Ballast Procurement and its utilization.	20.05.2010
19	20	Standardization of Computerized Track Diagram.	31.05.2010
20	21	Precautions while unloading & Loading of Rails.	19.05.2011
21	22	Inspection of Cross Overs.	10.06.2011
22	23	Prevention of asset failures by increased frequency of lubrication and inspection.	17.08.2011
23	24	Elimination of un-manned level crossings in East Central Railway.	11.08.2011
24	25	Precautions to be taken during manning of unmanned level crossing.	15.09.2011

S.No	C.E's Track Circular No.	Subject	Date of Issue
25	26	Joggling of AT welds.	29.03.2012
26	27	Oiling and greasing of SEJs.	29.03.2012
27	28	Standard drawing of Height gauges for LCs & RUBs.	10.05.2012
28	29	Proper utilization of available Gang strength.	16.05.2012
29	30	Assurance Register for distribution of important circulars, correction slip to manuals etc.	24.05.2012
30	31	Provision of gapless joint at CMS crossings.	25.09.2012
31	32	Inspection and Maintenance of Steel Channel Sleepers laid on Girder Bridge	05.11.2012
