

East Central Railway

S&T Technical Circular No.02/2007.

Docket No. ECR/S&T/Tech. Circular/185 dated 24/04/2007.

Sub: - Inspections by divisional officers of S&T department.

To ensure proper monitoring of maintenance and health of signal & telecom gears, following schedule of inspections shall be followed by divisional officers at various levels.

Minimum numbers of days to be spent on inspections.

1. Sr.DSTE/DSTE (Incharge) - 6 Days (at least one night inspection).
2. DSTE - 9 Days (at least one night inspection).
3. ASTE - 18 Days (at least 2 night inspections).

While on inspection, it should be ensured that inspections are thorough and each and every Signalling and Telecommunication gear is inspected at least once in a year as per provision of SEM Part-I para 2.4. Detailed inspection report shall be made clearly indicating gears inspected and discrepancies found.

A copy of inspection report of Sr.DSTE/DSTE (Incharge) and subsequently its compliance shall be sent to HQs. It shall be responsibility of Sr.DSTE to ensure that officers under him carry out inspections as per above schedule and submit detailed inspection report.
