

SONPUR DIVISION

EAST CENTRAL RAILWAY

Sonpur is located in Saran district of Bihar, 22 km away from Patna, at the confluence of two mighty rivers, Ganges and Gandak. It is a small town set in picturesque surroundings, close to Mahatma Gandhi Setu, the longest bridge in Asia (5575 Meter). It is also connected with Patna through J. P. Setu in west. Sonpur is famous for hosting the special one month cattle fair (Asia's largest fair of its kind) in the months of November-December. This fair is held every year on Kartik Purnima on the banks of the river Ganges and Gandak with myriad of colours, music and dance drawing tourists from all over India and abroad. There is famous **"Hariharnath Temple in Sonpur for which this area is popularly known as Harihar Kshetra"**.

Vaishali, a place **of great historical importance**, where ruins of **"Lichhavi Republic, Ashok Stup, Archeological Museum and Lord Budha's Shanti Stup"** are there, is not far away. Historical Shakti Peeth temple **"Maa Ambika Bhawani"** (Durga) at the bank of holy river Ganga is situated near the railway station of Dighwara and Shakti Peeth **"Maa Katyayani"** (Durga) at Badla ghat is situated near Mansi Railway station of this division. Only Agricultural University known as **"Rajendra Agricultural University"** in Bihar, is premised at near historical station Khudiram Bose Pusa of this division. In addition to above there is famous **Gurudwara** in the name of Sikh Guru Teg Bhadur near by Karahagola Road station and Dinkar Gram Simaria is the birth place of famous **National Poet** Ramdhari Singh Dinkar. Last but not the least, the **"Zonal Head Quarter Office, Hajipur"** of E. C. Rly. is also on this division which is only 7 – 8 KMs away from Sonpur.

Sonpur division, established on 21st Oct. 1978 in N.E.Rly., is spread over north side of holy river Ganges and West side of Gandak River. Garhara yard and Dinkar Gram Simaria station, part of Danapur division, have been merged in this division since 01st January'2005. The division routes over 522.67 CPR on western side to ex Katihar on eastern side, dotted on north bank of river Ganges following its serpentine course. It is further decorated with a crown of 138 kms, MFP as its head, spanning from Hajipur to Bachhwara (87 kms) as its base. This way it has two routes to Barauni from Hajipur, one is via Muzaffarpur- Samastipur – Bachhwara and the other one via Sahpur Patori- Bachhwara which is a shorter route by around 68 Kms

CPR-KIR chord line via SPP (316 Kms) is its main Goods artery, where as for coaching predominantly, it traverses a longer route via MFP. Its critical sections is Tilrath – Khagaria – Karhagola road due to bad bank and problem associated with flood of river Kosi and Ganga. Also HJP-SPP section has become critical due to single line section of predominant by goods traffic and increase in passenger traffic after commissioning of Digha Ganga bridge. The L-xing density (at every 1.4 Km) is much higher on this division when compared to all India average (at every 1.7 Km).

This division has nine (9) interchange points. Three are with other Railways viz. Katihar on Eastern side with Katihar division of N.F.Rly., Sabadalpur on Eastern side with Maldal division of E.Rly. & Chhapra Gramin on Western side with Varanasi division of N.E.Rly. and six are inter divisional interchange points within E.C.Rly viz. at Muzaffarpur, Samastipur, Khagaria & Mansi with Samastipur division and at Dinkar Gram Simaria & Pahleza Ghat with Danapur division.

This division traverses through 8 districts of Bihar and therefore, is playing important role in growth & developments of these districts - Saran, Vaishali, Muzaffarpur, Samastipur, Begusarai, Khagaria, Bhagalpur and Katihar of North Bihar in social, economic, industrial and cultural field. This division is an important link of railway network between northern states and North Eastern states and specially its Barauni – Katihar line is in a way the life line to the North Eastern states as it provides very important link to N.F. Railway serving whole of north eastern region.

Presently this division has 94 stations, with breakup as 64 crossing, 6 Flag and 22 halt & one train only system stations 02. All these 64 Crossing stations are having UTS (Unreserved Ticket System). 13 stations have Passenger Reservation System (PRS) and 20 stations have UPT (UTS cum PRS terminal). 122 pairs of Mail/Exp. trains and 45 pairs of passenger trains are running on this Division. Earning of the Division is of the order of 976.51 crores a year, contributing almost 49.86% from goods and 45.11% from passenger segments.

Only NSG-2 station is Muzaffarpur. 18.56% passenger earnings (around Rs.100 crores) of the Division comes from this single station, though it serves 15.05% passengers of the Division. This city is considered the financial hub of Bihar and capital of north Bihar. Hajipur is our 2nd major station giving passenger earnings to the tune of 58 crores a year. Hajipur, being a town opposite Patna across the river Ganga, is shaping up as major passenger hub in North Bihar.

There is an “**Oil Refinery**” of Indian Oil Corporation at Barauni in Begusrai district from where POL is supplied in Railway tank wagons (BTPNs) all over the country. Around 61% of our goods earnings comes from loading of tank wagons.

Entire division is electrified at 25 KV except newly constructed Sabdalpur-Munger Ganga bridge (18 KM approx). The division is privileged to have one DEMU shed at Sonpur. Two major Road-cum-Rail bridges on river Ganges viz. Munger bridge (rail portion only) and Digha bridge.

This Division is having direct train services to well known cities of India such as Ahmedabad, Amritsar, Ajmer, Ambala, Bhagalpur, Bangalore, Mysore, Bikaner, Chandigarh, Chennai, Delhi, Dehradun, Dibrugarh Town, Ernakulam, Guwahati, Gwalior, GandhiDham, Gondia, Jammu Tawi, Jodhpur, Kolkata, Okha, Mumbai, Patna, Pune, Puri, Ranchi, Tatanagar, Surat, Valsad, Udaipur City, Agartala & Silchar etc.
