

East Central Railway
Store Instruction No. 102

No: ECR-HQ0STR(STRI)/1/2020

Dt: 30.07.2020

All Divisional & Depot officers
ECR/HJP

Ref:- Regarding controlling of Revenue expenditure

It is well known that the revenue of Indian Railway (IR) has badly been affected due to COVID-19 Pandemic. Under such circumstances, it becomes more essential for us to control revenue expenditure of Stores department. Hence, all Depot officers are requested to keep a watch on drawls against PU-27 and issue the materials in quantities which will be consumed immediately. If materials have been issued earlier and are not being consumed, they may be taken back in Stock Suspense through minus Issue Notes or Returned Stores. This is important to control the revenue expenditure and improve the Operating ratio of Railways.

In view of above context, PCMM sir has directed to all Depot officers to give a certificate that no stock material is lying with the users, other than immediate requirements and the balance have been taken back on books. This may be done by 05.08.2020.
