|    | East Central railway, Hajipur  | Office of the PCMM   |
|   | Stores Instruction No. 94  |  |
| No. S/ECR/SMM/Store-Instruction   |  | Dated: 25.02.2019  |
| Sub:  | <b>Revised Bid document for e-tenders of Stores department in ECR</b>  |  |
| 1.0   | The existing tender document of ECR has been reviewed in totality and it has been modified as IBD: Integrated Bid document (ECR-ET-BidDoc-R1.pdf) and uploaded on IREPS module: Goods and Services, as Public document. This new document is quite exhaustive and comprehensive containing all the important & essential conditions of e-tendering; contents of Railway Board's policy letters having effect on bidding, decision of tender and operation of contract and also the updated IRS Conditions of Contract.   |  |
| 2.0   | For <b>Special conditions of tender</b> : SCT (such as Option clause, Sample clause, PVC, Time-preference clause, Fall clause, LC Payment in indigenous contracts, ISI-mark products, AMC/NPV, GST: Nature of item as Part of Rail component etc.) and other important conditions for items of special natured (such as shelf life items, M & P, Gas, Fabrication contracts, Import, Special warranty condition/period etc.) which have direct effect on evaluation and eligibility/qualification of bids, such SCT should be mentioned specifically on the face of tender document in its SOR (Schedule of Requirements). |  |
| 3.0   | Further the frequently used tender conditions have been fed in condition master of IREPS/iMMS which simply have to be selected in check-box for the preparation of NIT. It will facilitate uniformity and standardization of tenders.  |  |
| All Stores officers and Purchase staff are requested to study the above-mentioned new documents and may give suggestions for further improvements/changes. The new document will be effective from 01.03.2019 and thus document will be attached in all e-tenders published after 28.02.2019. |  |  |
| This issue with the approval of PCMM/ECR.   |  |  |
|   |  | <br>(D.K. Sinha)<br>Secretary to PCMM/ECR-HJP |
