

EAST CENTRAL RAILWAY

Office of the
Controller of Stores,
Hajipur-844101.

Stores Instruction No. 56

Sub : Procurement of rate contract items.

Normally, coverage against the rate-contract need to be made once in a year after consolidation of all the demands. However, it has been observed that demands for R.C. items are received in piece-meal and are covered more than once during the validity of the rate-contract and approval for such coverage is accorded by the authority based on the value of the demands being covered at that time. Henceforth, in case coverage against the same rate-contract is made more than once, the competency of approving the placement of RC will be decided based on the cumulative value of all the demands already covered/being covered against that particular rate contract and not based on the value of the demands being covered at a particular time during the validity of the rate-contract, being it same (single) rate-contract.

This issue with the approval of competent authority superseding all earlier instructions issued on the subject by this Railway.
