

A diagram showing a line with a tick mark and a shaded triangular region. The line is oriented diagonally, sloping downwards from left to right. A short, thick black tick mark is perpendicular to the line. To the left of the tick mark, a black triangle is shaded. The triangle's base is on the line, and its apex points towards the upper left. A label 'N' is positioned at the top left of the diagram, near the apex of the triangle.
